

Reflections Grant

Todd White, an Edward Jones financial advisor in Albuquerque, believes in the power of the arts to keep students active and engaged in their learning. He has donated \$500 to be used for grants to local PTAs across the state. PTAs can be awarded up to \$250 per PTA.

Members of the NMPTA Board of Directors and employees from the Edward Jones office will be blind judging the applications. Todd and some of his employees will be invited to your Reflections event. It is hoped that this will become a recurring grant and we want to showcase the great work that your PTA is doing!
